Mission: To nurture kaitiakitanga and help restore the whenua

Purpose: A tohu to connect people and place

Based in Auckland, EcoMatters is an established charitable trust that was formed in 2002. We work with and for the community to deliver environmental initiatives in partnership with key entities like Auckland Council, the Ministry for the Environment, other not-for-profit organisations and community groups.

We do this by supporting the community with knowledge and tools to restore nature, reduce waste, ride and fix bikes, and live more sustainably. We also run workshops and provide opportunities for hands-on environmental action in Auckland. Find out more at ecomatters.org.nz.
